

CHHATRAPATI SHAHU JI MAHARAJ UNIVERSITY, KANPUR
ATAL BIHARI BAJPAI SCHOOL OF LEGAL STUDIES

INTERNATIONAL CONFERENCE

ON

CYBERSECURITY, LAW AND GOVERNANCE

ABOUT THE UNIVERSITY

Chhatrapati Shahu Ji Maharaj University Kanpur, a premier landmark of higher education in Uttar Pradesh, is named after the great social reformer Chhatrapati Shahu Maharaj, also known as Rajarshi Shahu.

The university stands as a beacon of excellence in higher education, proudly holding an NAAC A++ accreditation and classified under the UGC Grade-I category. Under the dynamic leadership of our Vice Chancellor, Prof. Vinay Kumar Pathak, who also serves as the President of the Association of Indian Universities, the institution has fostered a vibrant academic environment that encourages innovation and research.

With a strong emphasis on quality education and holistic development, the university offers a diverse range of programs and has established itself as a hub for intellectual growth and community engagement. Its commitment to excellence is reflected not only in its stellar accreditation but also in the achievements of its faculty and students, making it a sought-after destination for aspiring scholars.

The University currently offers various PhD, Postgraduate and Undergraduate programs. It has a well-equipped Seminar Hall, Auditorium and Senate Hall wherein regular seminars, workshops, cultural activities and interactive sessions are conducted. The University's Ganesh Shankar Vidyarthi Central Library is one of the best in India.

ABOUT ABVSLS

Atal Bihari Vajpayee School of Legal Studies, Kanpur, stands for excellence in legal education and was established in 2017 under the illustrious banner of Chhatrapati Shahu Ji Maharaj University, Kanpur. The premier law school is set up with a mission to pioneer legal education reforms and to anchor the transformation of the Indian legal system through research and policy interventions.

It offers 5-year integrated Undergraduate Programmes like BA. LL.B. (Honours), B.B.A. LL.B. (Honours), Three-Year LL.B. (Honours) and One year & Two-year LL.M. programme with specializations in Business Law, Criminal Law and Constitutional Law. The department also offers Ph.D. in Law.

The curriculum and pedagogy are designed around the latest quality initiatives in legal education in India. These are imparted through multitalented, qualified, competent and enthusiastic faculty. Those efforts are reciprocated by the participation of all the stakeholders, including the members of the Bar and Bench, the corporate sector and national experts.

Atal Bihari Vajpayee School of Legal Studies, Kanpur aims at creating world-class professionals, committed academicians and law reformers, training justice dispensers, invigorating community crusaders and creating a strong watershed of new and upcoming expertise in law.

ABOUT THE CONFERENCE

The International Conference on Cybersecurity Law and Governance: Building Global Resilience seeks to create a dynamic platform for dialogue between legal scholars, technology experts, policymakers, industry leaders, and international organizations to address the multifaceted challenges of cybersecurity in the digital era.

As societies become increasingly interconnected, the risks posed by cyber threats, data breaches, misinformation, and the misuse of emerging technologies have grown exponentially. These developments demand not only stronger technological safeguards but also adaptive legal frameworks, ethical accountability, and cooperative global governance.

This conference will explore a broad spectrum of contemporary issues, including cross-border cybercrime and jurisdictional barriers, privacy and data protection laws, corporate responsibility in cybersecurity, AI regulation, digital forensics, and the evolving role of international collaboration in cyber governance. By fostering interdisciplinary discussions, the event aims to bridge the gap between policy and practice, helping nations and institutions build sustainable cybersecurity ecosystems.

Selected papers from the conference will be considered for publication in a special issue of an internationally reputed journal, providing a global platform for impactful scholarship.

The conference ultimately aspires to strengthen the collective understanding of how law and governance can safeguard digital rights, promote accountability, and build a resilient global cyber order.

OBJECTIVE OF THE CONFERENCE

The International Conference on Cybersecurity Law and Governance: Building Global Resilience is designed to advance critical dialogue and collaboration at the intersection of law, technology, and policy. The primary objective of the conference is to examine how evolving legal frameworks and governance mechanisms can effectively respond to the growing complexity of cybersecurity threats in an interconnected world. It seeks to promote interdisciplinary engagement among legal scholars, technologists, policymakers, and industry leaders to identify sustainable solutions that uphold privacy, accountability, and digital rights.

The conference also aims to assess global approaches to cybersecurity regulation, explore mechanisms for cross-border cooperation, and evaluate the legal and ethical dimensions of emerging technologies such as artificial intelligence, blockchain, and digital currencies. By facilitating discussions on best practices, enforcement challenges, and capacity building, the event aspires to contribute to the development of resilient governance structures capable of safeguarding individuals and institutions against digital vulnerabilities. Ultimately, the conference endeavors to strengthen international cooperation, encourage evidence-based policy formulation, and build a forward-looking vision for global cybersecurity resilience.

CONFERENCE TOPICS

Track 1: Global and Comparative Cybersecurity Law

- Evolution of international cybersecurity conventions and frameworks
- Harmonization of cyber laws across jurisdictions
- Challenges in cross-border cybercrime prosecution
- International cooperation and digital diplomacy in cyberspace
- Comparative analysis of cybersecurity laws (EU, US, India, ASEAN, etc.)
- The role of the United Nations and regional bodies in cyber governance

Track 2: Cybercrime, Jurisdiction, and Enforcement

- Jurisdictional complexities in transnational cybercrimes
- Extradition and mutual legal assistance treaties (MLATs)
- Cyber forensics and digital evidence in prosecution
- Role of Interpol, Europol, and CERT bodies in enforcement
- Procedural and evidentiary challenges in cyber litigation
- Case studies of international cybercrime enforcement

Track 3: Data Protection, Privacy, and Digital Sovereignty

- Comparative analysis of global data protection regimes (GDPR, DPDPA, etc.)
- Consent and individual autonomy in digital environments
- Cross-border data transfer and localization debates
- Government surveillance and right to privacy
- Digital sovereignty and national cybersecurity strategies
- Role of data protection authorities and regulatory oversight

Track 4: Freedom of Expression, Content Moderation, and Cyber Governance

- Online speech regulation and intermediary liability
- Balancing free speech with misinformation control
- Regulation of hate speech, defamation, and harmful content online
- Transparency in content moderation and algorithmic decision-making
- Platform responsibility and safe harbor principles
- Case laws shaping digital speech rights

Track 5: Artificial Intelligence, Deepfakes, and Emerging Technologies

- Legal accountability for AI-generated decisions
- Regulation of deepfake technologies and synthetic media
- Intellectual property and authorship in AI-generated works
- Liability frameworks for autonomous systems
- Ethical AI design and responsible innovation
- AI in cybersecurity – threat detection and governance

Track 6: Blockchain, Cryptocurrency, and Digital Asset Regulation

- Legal frameworks for blockchain governance
- Cryptocurrency regulation and compliance
- Smart contracts and enforceability challenges
- Decentralized finance (DeFi) and legal accountability
- Anti-money laundering (AML) and KYC compliance in crypto
- Blockchain in cybersecurity – trust, transparency, and resilience

Track 7: Corporate Responsibility and Cybersecurity Compliance

- Corporate obligations under data protection and cybersecurity laws
- Cyber risk management and compliance frameworks
- Corporate liability for data breaches and cyber negligence
- Privacy-by-design and ethical data governance
- Cyber insurance and risk mitigation models
- Role of corporate governance in ensuring cybersecurity accountability

Track 8: Digital Forensics and Evidentiary Challenges

- Forensic tools and chain-of-custody protocols
- Authentication and admissibility of digital evidence
- Electronic discovery (e-discovery) and procedural laws
- Comparative standards for cyber forensics across jurisdictions
- Role of expert testimony in cybercrime trials
- Emerging forensic techniques in AI-driven investigations

Track 9: Public–Private Partnerships and Collaborative Cyber Governance

- Models of public–private collaboration in cybersecurity
- Cyber threat intelligence sharing mechanisms
- Joint initiatives for critical infrastructure protection
- Legal frameworks for PPPs in digital risk management
- Multi-stakeholder governance in global cybersecurity
- Industry–government collaboration in cyber capacity building

Track 10: Capacity Building, Policy Innovation, and Global Resilience

- National cybersecurity strategies and institutional frameworks
- Legal education and training for digital resilience
- Role of academia in cyber law and governance research
- Cross-border capacity-building and international coordination
- Policy innovation for emerging cyber risks
- Designing resilient governance ecosystems for the future

CALL FOR PAPERS AND SUBMISSION GUIDELINES

The International Conference on Cybersecurity Law and Governance: Building Global Resilience invites scholars, researchers, policymakers, industry experts, and practitioners to submit their original and unpublished research contributions. Submissions are expected to align with the conference themes and contribute meaningfully to advancing discourse in cybersecurity, law, and governance.

Submission Guide Lines

Participants are initially required to submit an abstract of their proposed paper. Each abstract should clearly outline the research objectives, methodology, key findings (if applicable), and relevance to the conference theme. Following peer review and acceptance of the abstract, authors will be invited to submit their full-length paper for presentation and potential publication.

Responsibilities of Authors

Authors must ensure that their submissions are original, unpublished, and not under consideration elsewhere. All data, findings, and references must be accurately represented. Plagiarism, fabrication, or falsification of results is strictly prohibited and will result in immediate rejection.

Proper acknowledgment of sources and contributions is mandatory, and all potential conflicts of interest must be disclosed. Simultaneous submission to multiple platforms is considered unethical and will not be permitted.

Plagiarism Prevention

To maintain the highest academic integrity, all submissions will undergo plagiarism screening using standard detection tools. Manuscripts reflecting a similarity index above 10% will be reviewed further, and authors may be requested to justify or revise overlapping content. Confirmed instances of plagiarism will lead to rejection and may attract institutional reporting.

Responsibilities of Authors

The Editorial Board upholds ethical and transparent review processes. Decisions on submissions will be based solely on the scholarly merit, originality, and relevance of the work to the conference's scope. All reviews will be conducted confidentially and without bias.

The Board also reserves the right to take corrective action in cases of malpractice, including rejection, retraction, or communication with the concerned author's institution.

Formatting and Submission Guidelines

- Abstracts should not exceed 200 words and must be submitted in MS Word format.
- Upon acceptance of the abstract, the full paper will be required.
- The full paper should be between 2,500 to 3,000 words, including references, tables, and figures.
- Papers must be typed in Times New Roman, 10-point font, with 1.0 line spacing.
- The total length should not exceed six pages, inclusive of all figures, graphs, and references.
- APA citation style must be followed.
- Each paper may have a maximum of three authors.
- The submission email should include the track number and title in the subject line.
- The paper should clearly mention the names and affiliations of all authors.
- Mode of Conference: Hybrid (Online and On-Campus Presentations)

Publication Opportunity

- Selected and presented papers will be considered for publication in a peer-reviewed international journal or indexed conference proceedings. Discussions with reputed international publishers and indexing agencies are currently underway to ensure high visibility and academic impact of the selected works.
- Final publication details will be announced upon confirmation of the publication partner.
- Each accepted submission will receive a certificate of presentation/participation. In case of multiple authors, additional certificates can be provided on request for a nominal administrative fee.

IMPORTANT DATES

Last Date for Abstract Acceptance

January 15, 2026

Notification of Abstract Acceptance (within one week of abstract submission)

March 27, 2026

Last Date for Full Paper Submission & Registration

January 15, 2026

Conference Dates

April 17–18, 2026

REGISTRATION & PAYMENT

CATEGORY	SINGLE AUTHORSHIP	CO-AUTHORED PAPER
Students / Research Scholars	INR 1000	INR 2000
Academicians / Professionals / others	INR 2000	INR 3000
International Delegates	USD 50	USD 50
